

If you want to learn about and how to take care of your natural hair, you have made a great choice here at Just B Beautiful. I have been doing natural hair since 1997, excelled at it in 2000, and went full speed ahead by 2009 when I stepped off my full-time operations manager job. My passion is to educate my clients about natural hair and business. I hold a current NBR license with the State of Florida with 25 years of management experience. I am an R-certified Sisterlocks™ Consultant as well as a Sisterlocks™ Certified Training Associate. I also hold a Scalp Disorder and Scalp Therapy Certificate from Decca Plus Company.

I specialize in Natural Healthy Hair Care and Locs. I am always seeking to further my education in the Natural Hair Care Arena so I can educate my clients, staff, and others in Healthy Hair Care. The end result of my philosophy is “The Health of Your Scalp and Hair comes first and the Beauty of Styles will follow!”
